Answer sheet

Question 1 ★★★★★

Simplify by collecting like terms · algebra.expressions.like_terms v1

$$8xy - 11x + 8y$$

Question 2 ★★★

Change the subject of a formula · algebra.rearranging.changing_subject v3

$$x = \frac{p - ng}{8g}$$

Question 3 ★★

Cosine rule: sides, angles, area and linked triangles · geometry.trigonometry.cosine_rule v4

63.9 degrees

Question 4 ★★

Circle theorem: angle at the centre · geometry.circle_theorems.centre_angle v2

58°

Question 5 ★★★

Venn diagrams: calculating probabilities · probability.venn.probabilities v1

$$\frac{16}{17}$$
